### RULES OF TECHNICAL PAPER PREPARATION

The guide for authors provides the necessary information and a template for the preparation of papers before submitting for publication in the Proceedings. It is necessary that the authors of the papers carefully apply the rules in order to facilitate the work in the later stages that precede the publication of the paper.

**Page size:** B5 ISO (176 x 250); **Margins:** top/bottom 20 mm, left/right 20 mm; **Layout:** Header 1.25 cm, Footer 1.25 cm; **Orientation:** Portrait.

**The paper SHOULD NOT BE LESS THAN 10 OR LONGER THAN 16 PAGES** including abstract, literature, pictures, charts and acknowledgments. Pages should not be numbered. Exceptionally, due to the specifics of the topic, the editorial board can accept longer papers. Papers are prepared in **Microsoft Office, Word for Windows**.

**Font size** should be 12, text justified, written without line spacing (Line Spasing Single) with a space of before 6pt and after 3pt between paragraphs and in the text, without indenting the first line.

**Times New Roman** font should be used when writing the paper.
